

Sprint Plan #4 – Voice Capsule by the Voice Capsulators, 11/17/2021, Revision #2, Revision Date 11/30/2021

Team Members: Marianna Marcelline, Jovita Martinez, Daniel Zuniga, Ricardo Gonzalez, Kyle Won

Sprint #4 - High Level goals:

Having a complete and functional end-product. Continuing ongoing tasks from Sprint #4.
Remove any bugs, and make the application user friendly.

User Story #1	Story Pts.
<i>As a technophobe, I want to be able to use an app that is simple to navigate and use</i>	8

Task Number	Task Description	Time estimate (hours)
#1	Adding logo into the login page	0.5
#2	Changing button styles	1
#3	Changing logout button and where it is situated - to navigation bar at the bottom	0.5
#4	Formulate a polished style for the app - nice gradient.	2
#5	Change header bar of 'log into Voice Capsule'	0.5

#6	Change the record button style	0.25
#7	Come up with a colour palette (use material design palette)	0.5
#8	Insert a tutorial into the sign up section	4

USER STORY #1 TOTAL TIME ESTIMATE: 9.25

User Story #2	Story Pts.
<i>As someone who loves hearing messages from the past, I want to be able to download and save and voice notes that have been sent to me</i>	13

Task Number	Task Description	Time estimate (hours)
#1	Download/upload data from/to Firebase	3
#2	Send functionality connected to Firebase - allowing users to send voice notes to themselves	1
#3	Upon sending, the user should be able to decide if the voice note can be downloaded and saved by the recipient, or whether it will automatically perish after having been listened to once.	2
#4	User should be able to download opened voice notes	1

#5	Perishable voice notes will be clearly marked as perishable after having been listened to once	1
#6	Users should be able to delete all voice notes that they have received	1

USER STORY #2 TOTAL TIME ESTIMATE: 14

User Story #3	Story Pts.
<i>As a sociable person, I want to be able to search for and add other users as 'friends' on the app easily</i>	8

Task Number	Task Description	Time estimate (hours)
#1	Make search bar functional - will be able to search for other users based on their username	1
#2	Allow users to accept or decline friend invites	0.5
#3	Users should receive a notification stating they have received a friend invite	0.5
#4	Have a page that lists all friends	2

USER STORY #3 TOTAL TIME ESTIMATE: 4

Team Roles
